

# Mentor Father Responsibilities

**As your church's Mentor Father, your responsibilities will be:**

- 1) **Prayer.** Pray for each father in your church by name at least once each week leading up to the conference, and for at least two weeks after the conference. You will receive some specific prayer updates via email from our prayer coordinator, George Selman.
- 2) **Publicity.** Publicize the conference. If your church has a bulletin, make sure the information is in the bulletin and that the information is on your church calendar. Work with your pastor on how to make an announcement about the conference, or about having the conference announced regularly during the church announcement time, especially during the two weeks leading up to the conference.
- 3) **Communication.** Serve as your church's communication point person for the conference. The conference committee will communicate conference information with you, and you can pass that on as needed at your church. Make yourself available to men in your church who have questions.
- 4) **Encouragement.** Encourage dads to come to the conference and work with your pastor on thinking how you can help the dads at your church to continue to grow in their excellence as a father after the conference is over.
